

Growth Opportunities in the Global Continuous Fiber Thermoplastics Market

Published: March 2017

Trends, opportunities and forecast in this market to 2022 by end use industry (transportation, aerospace & defense, sporting goods, industrial, sporting goods and others), by material form (UD tape, prepreg (fabric), commingled fiber & fabric and other pultruded laminate), use temperature (high temperature, low temperature), by reinforcement (glass fiber, carbon fiber and others), by resin (PP resin, PEEK resin, PPS resin, PA resin, PEI resin, PEKK resin and others)
